

computing - Bug #2072

test

29/05/2012 14:20 - Jonathan Barber

Status:	Closed	Start date:	29/05/2012
Priority:	Normal	Due date:	
Assignee:	Jonathan Barber	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			

History

#1 - 29/05/2012 14:23 - Jonathan Barber

- Status changed from New to Resolved

Ticket created via command line:

```
$ cat <<EOF > issue.xml
<?xml version="1.0"?>
<issue>
  <subject>test</subject>
</issue>
EOF
$ curl -v -H "Content-Type: application/xml" -X POST -H "X-Redmine-API-Key: $APIKEY" --data @issue.xml https://redmine.fe.up.pt/projects/computing/issues.xml?format=xml
```

The \$APIKEY comes from the redmine user account ("My account" -> "API access key" -> "Show").

The intention is to create issues automatically from Nagios when alarms are raised.

#2 - 29/05/2012 14:24 - Jonathan Barber
